

First Virtual Meeting of the Global Science Community (GSC) on Biodiversity

Tiwonge Msulira Banda, MAGIC WP5 Team Leader
Tiwonge.Banda@UbuntuNet.net
February 11, 2016

Welcome

- GSCs are at the center of the MAGIC Project, which is developing and promoting mobility and collaborative tools for research and education
- MAGIC Priority Areas
 - e-Health
 - Biodiversity
 - Environment
 - Remote Instrumentation
- Welcome to the 1st Virtual Meeting of the Biodiversity GSC
 - 2nd in a series of thematic events

Opening Conf. for Biodiversity GSC

Purpose

- Opening Conference for Biodiversity GSC
- Bring together members to share experience
- Explore areas of collaboration
- Outline next steps for the Community

Welcome and Feel free to contribute and participate

- We do not know how the community should proceed, and so we leave it to you as the experts in the field to determine this. We have the tools for collaboration.
