Project Number: 691004*

Global trends in social inequalities in Europe and Latin America and exploring innovative ways to reduce them through life, occupational and educational trajectories research to face uncertainty

2016-2019

Marie Skłodowska-Curie Actions (MSCA)
Research and Innovation Staff Exchange (RISE)
H2020-MSCA-RISE-2015
Project Number: 691004

Thematic Research Groups (TRG)

4 Pillars

1) Substantive background and explanatory models of social inequalities

8 Thematic Axis

- 1) Inequalities in the labour market and labour trajectories.
- 2) Asymmetries in the relationship between training and employment.
- 3) Inequalities in work and family life.
- 4) Educational inequalities.
- 5) Geographical and social inequalities: ethnicity and language.
- 6) Social inequalities, migration and space.
- 7) Uncertainty, strategies, resources and capabilities.
- 8) Inequality of opportunity: intergenerational social mobility.

2) Methodology for the analysis of social inequalities

3) Social policies to counteract social inequalities

4) Gender inequalities' transversal perspective

5 Work Packages

1) Compilation:

- Recopilación de la producción científica de la red
- Estructuración según el modelo AMOSIT (Analytical Model of Social Inequalities and Trajectories)
- Fuentes de datos de Europa y Latinoamérica

14 meses

Local Workshops

4 EU

4 AL

2) Construction:

- Definición del modelo común (AMOSIT)
- Análisis sistemático de las políticas sociales de Europa y Latinoamérica s. XXI.

14 meses

Global Meetings

4 EU

3) Innovation:

- Derivada del análisis de los aspectos teóricos y metodológicos de las desigualdades sociales.

11 meses

4) Projection:

- Investigación: proyecto
- Formación: Máster.
- Diagnósis: libro blanco.
- Difusión

9 meses

5) Management:

- Organización y coordinación de las actividades de la red INCASI

Transversal: 48 meses

Red INCASI

19 universidades
10 EU
9 AL
138 investigadores

Beneficiaries

- 1. Universitat Autònoma de Barcelona (UAB)**
 - Institut d'Estudis del Treball (IET)
 - Grup de Recerca en Educació i Treball (GRET)
- 2. Universitat de Barcelona (UB)**
 - *Bienestar, comunidad y control social (COPOLIS)*
- 3. Universidad de Sevilla (USE)**
 - *Departamento de Sociología (DS)*
- 4. Universidade da A Coruña (UdC)**
 - *Equipo de Sociologia de las Migraciones Internacionales (ESOMI)*
- 5. Universidad de La Laguna (ULL)**
 - *Departamento de Sociología y Antropología (DSA)*
- 6. Middlesex University (MU)**
 - *Centre for Enterprise and Economic Development Research (CEEDR)*
- 7. Tampereen Yliopisto (UTA)**
 - *The Institute for Advanced Social Research (IASR)*
- 8. Università da Milano (UMIL)**
 - *Dipartimento di Scienze Sociali e Politiche (DSSP)*
- 9. Università di Calabria (UNICAL)**
 - *Dipartimento di Scienze Politiche e Sociali (DSPS)*
- 10. Université de Toulouse Jean Jaurès (TLSE2)**
 - *Centre d'Etude et de Recherche Travail Organisation Pouvoir (CERTOP)*

Partners

- 1. Universidad de Buenos Aires (UBA)**
 - *Instituto de Investigaciones Gino Germani (IIGG)*
- 2. Pontificia Universidad Católica Argentina (UCA)**
 - *Observatorio de la Deuda Social Argentina (ODSA)*
- 3. Universidad Nacional de La Plata (UNLP)**
 - *Centro Interdisciplinario de Metodología de las Ciencias Sociales (CIMECS- IdIHCS)*
- 4. Universidad Nacional de Córdoba (UNC)**
 - *Centro de Estudios Avanzados (CEA)*
- 5. Universidad de la República (UdelaR)**
 - *Grupo Transición, Educación, Trabajo del Departamento de Sociología (TET)*
- 6. Pontificia Universidad Católica de Chile (PUC)**
 - *Escuela de Trabajo Social (ETS)*
- 7. Universidad de Concepción (UC)**
 - *Escuela de Trabajo Social (ETS)*
- 8. Universidad de Chile (UCH)**
 - *Centro de Estudios de Conflicto y Cohesión Social (COES)*
- 9. Universidade da São Paulo (USP)**
 - *Escuela de Artes, Ciencias y Humanidades (EACH)*

Secondments

Eligibility:

- The person has to be a staff member of her/his **institution**
- The seconded staff shall have been actively engaged in or linked to research and/or innovation activities at the sending institution for at least **six months** (full-time equivalent) prior to the first period of secondment
- After the secondment period, the exchanged staff members should be **reintegrated** again into the sending organisation

Eligible staff seconded under RISE are:

- Early-stage researchers (ESR);
- Experienced researchers (ER);
- Administrative (ADM), managerial (MNG) and technical staff (TECH) supporting the research and innovation activities of the project.

Eligibility of the secondments:

- Maximum duration of a secondment is **12 months** and the minimum duration is **1 month**
- May be **split** into several stays (by the same staff member from the same sending organisation to the same host organisation)

Financial Aspects

2,3 M de euros

Marie Skłodowska-Curie Action	Staff member unit cost [per person-month of secondment] [EUR]	Institutional unit cost [per person-month of secondment]	
		Research, training and networking costs [EUR]	Management and indirect costs [EUR]
RISE	2,000	1,800	700

- The *Staff member unit cost* is a top-up allowance intended to support **travel, accommodation** and **subsistence** costs for the staff member during the secondment.
- The salary of the seconded staff is not covered by the EU contribution. Therefore, the beneficiaries and partner organisations are expected to continue paying their salary during their stay abroad.
- The *Research, training and networking costs* cover the costs of research and innovation related activities of the project such as purchasing of consumables, laboratory costs, participation to conferences, workshops, coordination and review meetings, and networking activities.
- *Management and indirect costs* cover all general costs connected with the organisation and implementation of the secondments (administrative and financial management, logistics, ethics, human resources, legal advice, documentation, etc.).

From Europe to Latin America | From Latin America to Europe

Promote the Doctorate with International Mention (RD 99/2011; RD 1393/2007, and defended after 11 February 2011)

- ✓ Stay of at least **three months** at a prestigious higher education institution or research centre outside Spain.
- ✓ Part of the doctoral thesis must be in a language that is customarily used in that field for the purpose of scientific communication and is not one of the official languages of Spain (Not if country is in LA).
- ✓ At least **two PhD holders** who belong to a higher education institution outside Spain must have submitted a report on the thesis.
- ✓ At least **one PhD holder**, other than the coordinator of the stay, must have been a member of the thesis examining board

Formación

30 créditos ECTS de Cursos de especialización

Block 1	1) Research process and analysis designs 2) Data sources and construction of social indicators 3) Multivariate analysis of statistical data
Block 2	4) Qualitative interview and biographical method 5) Textual data analysis 6) Analysis of social inequalities
Block 3	7) Longitudinal Data Analysis 8) Social network analysis 9) Evaluation of Public Policies

Proceso de Investigación y Diseño de Análisis [PIDA]
 Construcción de Indicadores Sociales [CIS]
 Fuentes de Datos para la investigación [FD]
 Análisis de datos estadísticos: modelos exploratorios [ADE1]
 Análisis de datos estadísticos: modelos explicativos [ADE2]
 Técnica de entrevista [TE]
 Técnica de Grupos de Discusión [TGD]
 Método Biográfico [MB]
 Análisis de Textos y del Discurso [ATD]
 Análisis de las Desigualdades Sociales [ADS]
 Análisis de Datos Longitudinales (ADL)
 Análisis de Redes Sociales [ARS]
 Evaluación de Políticas Públicas [EPP]

To develop a **general framework for collaboration** and the formation of a research network between European and Latin American universities and research centres for comparative analysis of inequality:

- **Analyse the trajectories** that citizens have followed in the labour market, identifying their outcomes in terms of mobility and social inequality;
- To identify and understand the different coping **strategies** that have been developed and how resources and **capabilities** have been mobilized to identify, classify and compare patterns of social behaviour adopted to cope with **uncertainties** in each region.
- Study the connection between **life trajectories** and citizen's education, including their **productive** and **reproductive** spheres
- Use of **mixed-method** approach
- Inform about the design of **innovative public policies** that are aimed at tackling situations of social inequality.

For sustainability of network:

- To establish the conceptual and methodological basis for the development of an international comparative **research** framework and accompanying network alongside the implementation of the research project.
- Design an international **Master** programme that analyses social inequalities in a comparative perspective.

Desafíos superados

Antes de la presentación del proyecto:

- ✓ La inmersión en un nuevo lenguaje (lenguaje propio de MSCA).
- ✓ El hecho de trabajar en inglés.
- ✓ La búsqueda de beneficiarios y socios con quien nos sintiéramos cómodos para trabajar.
- ✓ Depositar la confianza en redes preexistentes.
- ✓ El asesoramiento técnico.

Entre la comunicación que el proyecto fue elegido y la firma del Grant Agreement.

- ✓ El cumplimiento de todos los requisitos del aplicativo de la Comisión Europea.
- ✓ Los requisitos de la comisión de ética con respecto a las entrevistas (entrevistas a expertos).

Después de la firma del Grant Agreement:

- ✓ Elegibilidad en América Latina
- ✓ Consortium Agreement (CA)
- ✓ Implementación de los secondment
- ✓ Tareas de los WP

Consejos generales

- ✓ Consortium Agreement: comenzar a elaborarlo apenas se terminen las gestiones del Grant Agreement (o sea antes de la fecha de inicio del proyecto)
- ✓ Dividir el CA entre Beneficiarios y Partners. Firmar primero con los Beneficiarios para comenzar a funcionar operativa y financieramente en la fecha prevista.
- ✓ Contar con un sólido soporte técnico y administrativo para el desarrollo de las actividades del proyecto.
- ✓ Fomentar el diálogo con la Comisión Europea para que puedan comprender las particularidades de la comunidad científica latinoamericana, pues todos los procedimientos están previstos en base a la lógica formal de instituciones europeas.

Gracias
